

## WE ARE RECRUITING INDIGENOUS STUDENTS

**Admission Information • Student Life • Living in Kingston • Student Support and more...**

She:kon (Hello), I am Ann Deer, Wolf Clan from the Mohawks of Akwesasne. As the Indigenous Access and Recruitment Coordinator I liaise with self-identified Indigenous university students interested in second-entry professional programs within the Faculty of Law and School of Medicine at Queen's University. Through meeting informally with prospective students I can advise on a variety of topics to help you towards professional program objectives at Queen's. We take pride in our sense of community and look forward to including you.

Sken:nen (In Peace),  
Ann Deer
